SUMMARY

Teresa is struggling with academic stress, uncertain about her academic performance and career prospects in biology, and is in need of guidance on career options in science.

KEY CONCERNS

- Struggling with academic performance in biology coursework
- Falling behind in second-year biology coursework
- Worry about failure in upcoming semesters
- Uncertainty about career paths in science
- Lack of understanding in science-related fields

ACTION PLAN

- Refer Teresa to a free academic counseling session to review her academic progress and assessment results
- Connect Teresa with a faculty advisor for biology courses to help mitigate errors in her work
- Suggest online courses or workshops on science writing, presentation, and career skills
- Refer Teresa to potential science-related internships or entry-level jobs in fields like biotech or pharma

FOLLOW UP PLAN

- Schedule a follow-up meeting to review academic progress and career exploration interests
- Offer support for a transfer or major revision based on Teresa's current coursework and personal statement
- Encourage networking with science-related organizations and alumni for job opportunities
