SUMMARY

April is experiencing academic pressure from her music coursework and uncertainty about future music career options.

KEY CONCERNS

- Struggling with performance in advanced music courses
- Pressure to perform well in class and finals
- Loss of access to music program if performance is not optimal
- Uncertainty about whether to continue pursuing music in college or if it's time to reconsider career paths

ACTION PLAN

- Help April evaluate the performance potential of music courses and the impact on future grades
- Discuss the music program's support system for students like April (e.g., tutoring, peer review sessions)
- Recommend meeting with a music education advisor to explore alternative career paths (e.g., music industry, teaching, composition)
- Encourage April to consider majoring in something like business or creative writing instead of music

FOLLOW UP PLAN

- Check in after finals week to check progress on performance, career interests, and academic planning
- Offer support for a transfer or major change if April is still unsure or facing pressure later on
