SUMMARY

Requesting support in understanding physics and astronomy concepts, improving academic performance, and identifying areas for improvement.

KEY CONCERNS

- Struggling with understanding math and statistics in prior courses
- Low academic performance in physics and astronomy
- Feeling disconnected from the material's relevance
- Need help understanding what I'm doing well in the course
- Uncertainty about academic fit for physics major

ACTION PLAN

- Schedule a meeting to review academic progress and assessment tools
- Discuss how to better understand physics concepts using real-world examples
- Recommend reading and practice exercises to build understanding
- Provide guidance on which majors (e.g., physics, astronomy, Earth Sci) may fit better
- Encourage application to academic programs that emphasize interdisciplinary work

FOLLOW UP PLAN

- Check on progress after finals period ends
- Offer support for final exam review plan
- Refer to tutoring or writing center if needed
- Invite referral to academic advising for major reassessment
