SUMMARY

Ashley is struggling with the complexities of chemistry coursework and is uncertain about her academic path forward.

KEY CONCERNS

- Finding difficulty understanding chemistry concepts
- Engaging with molecular genetics last semester, but not in chemistry
- Studying research-focused course in chemistry
- Uncertainty about academic fit for chemistry and research major

ACTION PLAN

- Recommend scheduling a semester review with a chemistry professor to understand complex concepts
- Provide guidance on integrating research and academic work in a research-focused major
- Discuss how to articulate personal interests and academic goals in chemistry
- Recommend attending at least one research seminar or workshop to gain exposure to the real-world applications of chemistry
