SUMMARY

Charles is struggling to stay in his English major, worried about graduation prospects and self-confidence.

KEY CONCERNS

- Low academic performance in various English courses
- Uncertainty about majoring in English in the upcoming semester
- Feeling like he's not doing well enough in his major to pass courses
- Lack of confidence in his ability to succeed in the English field

ACTION PLAN

- Help Charles identify which courses are still relevant to his English major (e.g. Literature, writing, history of art, etc.)
- Recommend that Charles enroll in a new course or two from different departments to mix things up
- Encourage Charles to work with a tutor or academic advisor to track his performance and adjust his course load
- Help Charles develop a strong academic plan for graduation that includes a different major or a new interest in a different field

FOLLOW UP PLAN

- Schedule a check-in later this semester to monitor academic progress and confidence
- Offer to keep in touch with academic planning and provide support over the summer if needed
- Offer to connect Charles with a mentor in the English department or a student success center
