Meeting date: January 28, 2025

Student ID: mp369

Counselor ID: awashington

SUMMARY

Interested in career planning after graduation, but still unsure about the best path forward.

KEY CONCERNS

- Need for policy-relevant skills and experience in environmental science
- Difficulty identifying suitable career paths within earth and environmental geosciences
- Interest in environmental policy and environmental justice, but lack of exposure to those areas
- Need for strategic guidance on academic and professional pathways

ACTION PLAN

- Recommend attending career fairs focused on environmental policy, climate, and sustainability jobs
- Provide overview of earth & environmental geoscience programs that prepare for policy work (e.g., UC Berkeley's Policy Internship Program)
- Recommend schools with strong environmental policy and sustainability tracks (e.g., UC Davis' Environmental & Resource Law Program, UC Santa Cruz's Climate Change Institute)
- Introduce the Sustainable Curriculum and offer support for applying for student-led policy positions or fellowships

FOLLOW UP PLAN

- Schedule follow-up meeting to review transcript and interviews done at career fairs
- Offer referral to sustainability or environmental policy student organizations
- Encourage application to internships or fellowships that align with earth & environmental geoscience backgrounds
