SUMMARY

Jasmine is struggling with grades in biology courses, but unclear on her academic path and feeling discouraged by her progress.

KEY CONCERNS

- Low grades in biology courses even within her major
- Difficulty understanding material in biology even partially
- Feeling disconnected from academic expectations at large public university
- Lack of confidence in ability to succeed in biology or college overall

ACTION PLAN

- Refer Jasmine to academic counseling to review course selection and assessment
- Suggest meeting with biology professor to discuss course structure and teaching style
- Discuss the genetics and statistics courses as electives rather than core
- Encourage self-reflection and revision of academic goals and interests
- Encourage exploration of other fields or majors within the humanities or social sciences

FOLLOW UP PLAN

- Schedule a check-in later this semester to assess progress in biology and academic interests
- Refer Jasmine to mentorship program for undergraduate students with diverse backgrounds
- Offer support for career planning and academic coaching services through campus resources
