SUMMARY

Christopher is struggling with academic pressure and confidence issues related to his biology coursework, even after discussing with his biology professor.

KEY CONCERNS

- Low GPA from biology courses last semester
- Discouragement from professor's grades
- Feeling lost and uncertain about biology's ability to be understood
- Worry about falling behind in his major

ACTION PLAN

- Refer Christopher to biology tutoring services for course review and homework assistance
- Suggest attending biology seminar series to learn about non-traditional biology course options
- Connect Christopher with peer tutoring group for academic support
- Encourage journaling and discussion of scientific concepts instead of memorization

FOLLOW UP PLAN

- Schedule check-in later this semester to monitor academic progress and confidence
- Recommend attendance at a biology seminar final exam prep workshop
- Discuss long-term academic planning with professor's office
